HEAD OFFICE: SANDAKAN, NORTH BORNEO.
This Company is formed to meet the requirements of the merchants, traders, and planters of Sandakan Bay and the East Coast of North Borneo, and to facilitate the rapidly increasing trade and passenger traffic of the Bay and neighbouring Seas by running suitable Steamers, from port to port, amongst the various islands, rivers, and out-stations, and thus controlling the trade in the largest ports of the Territory, where facilities are offered for direct transhipment into Steamers running to Singapore, Hongkong, the Coast of China, Australia, &c., &c. It is thought that, in carrying out on a proper and judicious system, the object for which the Company has been formed, a legitimate and profitable outlet for capital is presented.
The system will include the maintenance of communication by Steam Launches between Sandakan and the plantations now being commenced up the rivers within the Bay of Sandakan, and the opening up, generally, of the trade with the Kuching, Labuan, and other out-stations and the opportunities thereto.
A concession of foresters land to the extent of four acres has been provisionally secured, for a nominal payment, at twelve places on the East Coast of North Borneo, in connection with the development of these concessions, besides offering shares for the Company's wharves, godowns, and offices, will, no doubt, as the country advances, form the centre of future settlements or towns, and thus constitute a valuable and desirable investment for the Company.
Upon the assumption that the Company may have eventually to have independent accommodation at their head-quarters, the value of the shares will be greatly enhanced, and the shares will be sold at a profit.
It is intended to procure, as soon as possible, two additional Steam Launches to run to the more distant places a Steamer of about 600 tons capacity will be all that is necessary to meet the first requirements in connection with the development of the Territory, and the Company's business will be in conformity with the rules in force for English Joint Stock Companies.
It is needless to say that no promotion money has been or will be paid. The Directors put forward their scheme in the interests of the East Coast and of the Territory generally, with a view to the development of the capital already subscribed by the local community, and with the promise of their further co-operation, and they trust that their undertaking will meet with the approval and support of all those who are concerned in upholding the trade and welfare of North Borneo.
Copies of the Memorandum and Articles of Association of the Company, and of the prospectus, and of the agreement with the Government for the purchase of the "Royalty," can be seen at the Company's Office.
Applications for Shares should be made on the accompanying form and addressed to the Secretaries or to the Company's Agents, from whom or from any of the Directors, further information can be obtained. List will close in Hongkong on 31st instant.
